Explanation

What do you think of those 3 visuals ? Write whatever comes to your mind.
Ideas to think about :
- How do you feel looking at it ?
- Can you read it ? Do you understand something ? How close is it from chart type you already know ?
- Is it clear ? If not, what items are not easy to grasp ? Why ? *(any ideas , or doubts without justification are welcomed here)*
- If yes, what element *(text, color, form …)* provides clarity to you ?

The main concerns in 2018 - and how they have evolved since 1995 - provide good insights into the current state of mind of the Swiss people. This chart shows the developments over the years. **The higher** and **thicker** the line, **the more often** a particular issue was discussed during the year. Keep scrolling to find out more.

Unemployment was the number one concern for years, but in 2018 it was ranked only sixth.
