

Day	Part	Content Block	Duration	Mode	Type
DAY 1	14 Septembre				
1		Introduction	0.5	Overview	
1		Why this class + Why I'm here			Lecture
1		Skills			Lecture
1		Syllabus, planing & grades			Lecture
1		Expectations			Lecture
1		Whats is it ?			
1		Preliminary : what do you think of those 3 visuals	0.5	Focus	Practice
1		The super power, table vs chart	0.25	Overview	Lecture
1		Encoding a variable	0.25	Overview	Lecture
1		Do your own Dear Data (guided)	0.5	Focus	Practice
1		Different types of visualization / Overview	0.25	Overview	Lecture
1					
1		Why using visualisation ?			
1		Why do we visualize data - Lisa	0.25	Overview	Lecture
1					
1		How to use it ? Basics & Representation types	Tool : python + seaborn		
1		Charts as statistical tests & Exploratory vs Presentation purpose	0.25	Overview	Lecture
1		Different chart types for different functions + tools	0.25	Overview	Lecture
1		What charts type do you know ?	0.25	Focus	Practice
1		Starting to explore with datavis + datasorus	0.25	Overview	Lecture
1		Given a simple dataset, simple questions, which chart ? test & learn	1.5	Focus	Practice
1		#1 Professionals & Dataviz : Presentation & question / Research@INRA	0.5	Overview	Pro's Talk
1		HW presentation : Why + Encoding + Chart Form	0.25	Overview	Lecture
1		Day Summary + Q/A + What's next	0.25	Overview	Transition
1	HW	Choose a dataviz and tell me why + encoding + chart types		Overview	homework
DAY 2	21 Septembre				
2		Search for meaning using visualisation (exploratory phase)	Tool : Plotly + Dash		
2		Day planing + Chart of the day : 1 story 1 example	0.25	Overview	Transition
2		Plotly	1	Focus	Practice
2		Visual Analysis summary : process & tools	0.25	Overview	Lecture
2		HW Presentation	0.25	Overview	Lecture
2		Making an explorable dashboard with dash	1	Focus	Practice
2		Day Summary + Q/A + What's next	0.25	Overview	Transition
	HW	Make a new graphs with tools			
DAY 3	28 Septembre				
3		Show findings using visualisation (Communication)	Tool : Datawrapper		
3		Day planing + Chart of the day : 1 story 1 example	0.25	Overview	Transition
3		Back to Overview, the context of dataviz & problematics	0.25	Overview	Lecture
3		Human perception & Gestalt principles, data ink ratio	0.25	Overview	Lecture
3		Introducing Chart Framework	0.25	Overview	Lecture
3		Chart remake // Using Datawrapper / Infogram / ...	1.25	Focus	Practice
3		#2 Professionals & Dataviz : Presentation & question / Tool builder	0.5	Overview	Pro's Talk
3		Day Summary + Homework + What's next	0.25	Overview	Transition
	HW	Chart Make / Remake			
DAY 4	12 Octobre		Tool : Observable ?		
4		Day planing + Chart of the day : 1 story 1 example	0.25	Overview	Transition
4		Introduction data / opinion / lies	0.25	Overview	Lecture
4		Charts Lies	0.5	Overview	Lecture
4		TD on lies	0.5	Focus	Practice

Day	Part	Content Block	Duration	Mode	Type
4		Maps with Poltly & Datawrapper	1	Focus	Practice
4		Practice Debrief	0.25	Focus	Practice
4		A dataviz piece : structure and showing data from different angles	0.25	Overview	Lecture
4		Class Summary	0.25	Overview	Lecture
4		"Big" Homework presentation	0.25	Overview	Lecture
4		#3 Professionals & Dataviz : Presentation & question / Corporate	0.5	Overview	Pro's Talk
4		Day Summary + Questions + What's next	0.25	Overview	Transition
	HW	Big group project			
DAY 5	9 Nov				
5		Day planing	0.25	Overview	Transition
5		Group project debriefing	0.5	Overview	Lecture
5		Final : what do you think of those 3 visuals >> then check your previous answer	0.5	Focus	Practice
5		Day Summary + THANK YOU + What's next	0.25	Overview	Transition
